Hi Mimi,

So that is the latest. Here is a link to the EPA policy decision on this and NHPA <https://www.epa.gov/cwa404g/consultation-cwa-section-404-program-requests-endangered-species-act-and-national-historic>

Not sure there is much more to share beyond what is on this page. Tuesdays are really difficult days but I can try to be on for a few moments if this link is not sufficient.

- Kathy

Hi Kathy and Alexis,

Earlier this summer, you provided our water quality standards ESA workgroup with background on the public notice that went out soliciting comment on whether state assumption of the 404 program was discretionary and subject to ESA consultation. We have an upcoming ESA workgroup meeting scheduled in about two weeks, on Tuesday, Oct 13<sup>th</sup>.

Would either of you be up for giving our workgroup a quick update on the status? A few of us saw the following article come through:

<https://insideepa.com/daily-news/epa-will-conduct-esa-consultation-florida-s-cwa-404-assumption>

I know you both are busy! If you're willing to share the latest, I can forward on information for the meeting. The call will be informal, with the same group that was on when you last joined us.

Thanks and hope you're both doing well,  
Mimi
